ABOUT STRATEGIC ANALYSIS, INC.

STRATEGIC ANALYSIS, INC.

Welcome to

GSA SCHEDULE

Strategic Analysis, Inc. (SA) is an industry-leading government professional services firm that excels in providing innovative solutions to the problems of today and tomorrow. The talents and experience that make up the SA team provide all of the skills, tools, and creative ideas necessary to address the technical, operational, programmatic, and policy aspects of national defense and homeland security issues.

SA currently holds the General Service Administration (GSA) Multiple Award Schedule:

- Multiple Award Schedule (MAS) (541330ENG, 541420, 541611, 541715, OLM)

GENERAL CONTRACT INFORMATION

1a. Table of Awarded Special Item Number(s):

SIN	SIN Description
541330ENG	Engineering Services
541715	Engineering Research and Development and Strategic Planning
541611	Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services
541420	Engineering System Design and Integration Services
OLM	Order-Level Materials

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. **Prices begin on page 18.**

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. **Labor Category Descriptions begin on page 8.**

2. Maximum Order: \$1,000,000.00

Note: Agencies may place, and Contractor may honor, orders exceeding this limit in accordance with FAR 8-404.

3. Minimum Order: \$100.00

4. Geographic Coverage (delivery Area): Domestic and Overseas

5. Point(s) of production (city, county, and state or foreign country): Same as company address

6. Discount from list prices or statement of net price: Government net prices (discounts already deducted).

7. Quantity discounts: 1% off single task orders exceeding \$1,000,000

8. Prompt payment terms: Net 30 days

Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions

9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold: Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: Accepted

10. **Foreign items (list items by country of origin):** None
- 11a. **Time of Delivery (Contractor insert number of days):** Specified on the Task Order
- 11b. **Expedited Delivery:** Contact Contractor
- 11c. **Overnight and 2-day delivery:** Contact Contractor
- 11d. **Urgent Requirements:** Contact Contractor
12. **F.O.B Points(s):** Destination
- 13a. **Ordering Address(es):** Same as Contractor
- 13b. **Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3..**
14. **Payment address(es):** Same as company address
15. **Warranty provision.:** Contractor's standard commercial warranty.
16. **Export Packing Charges (if applicable):** N/A
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
19. **Terms and conditions of installation (if applicable):** N/A
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. **Terms and conditions for any other services (if applicable):** N/A
21. **List of service and distribution points (if applicable):** N/A
22. **List of participating dealers (if applicable):** N/A
23. **Preventive maintenance (if applicable):** N/A
- 24a. **Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants):** N/A
- 24b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor's website or other location.) The EIT standards can be found at: www.Section508.gov/.**

CONTRACT USE

This contract is available for use by all federal government agencies, as a source for Professional Engineering Services and Integrated Consulting Services, for worldwide use. Executive agencies, other Federal agencies, mixed –ownership Government corporations, and the District of Columbia; government contractors authorized in writing by a Federal agency pursuant to 48 CFR 51.1; and other activities and organizations authorized by statute or regulation to use GSA as a source of supply may use this contract. Additionally, contractors are encouraged to accept orders received from activities within the Executive Branch of the Federal Government.

Our GSA MAS Contract can also support state and local agencies under the following programs:

- **Disaster Recovery Purchasing Program** (Section 833 of the National Defense Authorization Act) – allows state and local governments to purchase products and services to facilitate recovery from a major disaster. This includes advance and pre-positioning in preparation for a disaster.
- **Federal Grants During Public Health Emergencies** (Section 319 of Public Health and Services Act)

CONTRACT SCOPE

The contractor shall provide all resources including personnel, management, supplies, services, materials, equipment, facilities and transportation necessary to provide a wide range of professional services as specified in each task order. Services specified in a task order may be performed at the contractor’s facilities or the ordering agencies’ facilities. The government will determine the contractor’s compensation by any of several different methods (to be specified at the task order level) e.g., a firm-fixed price for services with or without incentives, labor hours or time-and-material.

INSTRUCTIONS FOR PLACING ORDERS FOR SERVICES BASED ON GSA SCHEDULE HOURLY RATES

GSA provides a streamlined, efficient process for ordering the services you need. GSA has already determined that **Strategic Analysis, Inc.** meets the technical requirements for the PSS Schedule and that our prices offered are fair and reasonable. Agencies may use written orders; facsimile orders, credit card orders, blanket purchase agreement orders or individual purchase orders under this contract.

If it is determined that your agency needs an outside source to provide PSS services, follow these steps:

Orders under the Micro-Purchase Threshold
<ul style="list-style-type: none"> • Select the contractor best suited for your needs and place the order.
Orders in-between the Micro-Purchase Threshold and the Simplified Acquisition Threshold
<ul style="list-style-type: none"> • Prepare a SOW or PWS in accordance with FAR 8.405-2(b). • Prepare and send the RFQ (including SOW and evaluation criteria) to at least three GSA Schedule contractors. • Evaluate, then make a "Best Value" determination. <p>Note: The ordering activity should request GSA Schedule contractors to submit firm-fixed prices to perform the services identified in the SOW.</p>
Orders over the Simplified Acquisition Threshold
<ul style="list-style-type: none"> • Prepare the RFQ (including the SOW and evaluation criteria) and post on eBuy to afford all Schedule contractors the opportunity to respond, or provide the RFQ to as many Schedule contractors as practicable, consistent with market research, to reasonably ensure that quotes are received from at least three contractors. • Seek price reductions. • Evaluate all responses and place the order, or establish the BPA with the GSA Schedule contractor that represents the best value (refer to FAR 8.405-2(d)). <p>Note: The ordering activity should request GSA Schedule contractors to submit firm-fixed prices to perform the services identified in the SOW.</p>

Developing a Statement of Work (SOW) or Performance Work Statement (PWS)

In the SOW, include the following information:

- Work to be performed,
- Location of work,
- Period of performance;
- Deliverable schedule, and

Special standards and any special requirements, where applicable.

Preparing a Request for Quote (RFQ)

- Include the SOW and evaluation criteria;
- Request fixed price, ceiling price, or, if not possible, labor hour or time and materials order;
- If preferred, request a performance plan from contractors and information on past experience; and include information on the basis for selection.
- May be posted on GSA's electronic RFQ system, e-Buy

For more information related to ordering services, go to <http://www.gsa.gov/schedules-ordering> and click on “Ordering Information”. Also see summary guidelines in the [Multiple Award Schedule \(MAS\) Desk Reference Guide, Ordering Procedures](#).

BLANKET PURCHASE AGREEMENT

Ordering activities may establish BPAs under any schedule contract to fill repetitive needs for supplies or services. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPAs and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). In determining how many BPAs to establish, consider:

- The scope and complexity of the requirement(s);
- The need to periodically compare multiple technical approaches or prices;
- The administrative costs of BPAs; and
- The technical qualifications of the schedule contractor(s).

Establishment of a single BPA, or multiple BPAs, shall be made using the same procedures outlined in 8.405-1 or 8.405-2. BPAs shall address the frequency of ordering, invoicing, discounts, requirements (*e.g.* estimated quantities, work to be performed), delivery locations, and time.

When establishing multiple BPAs, the ordering activity shall specify the procedures for placing orders under the BPAs.

Establishment of a multi-agency BPA against a Federal Supply Schedule contract is permitted if the multi-agency BPA identifies the participating agencies and their estimated requirements at the time the BPA is established.

Ordering from BPAs:

Single BPA. If the ordering activity establishes one BPA, authorized users may place the order directly under the established BPA when the need for the supply or service arises.

Multiple BPAs. If the ordering activity establishes multiple BPAs, before placing an order exceeding the micro-purchase threshold, the ordering activity shall:

- Forward the requirement, or statement of work and the evaluation criteria, to an appropriate number of BPA holders, as established in the BPA ordering procedures; and
- Evaluate the responses received, make a best value determination (see 8.404(d)), and place the order with the BPA holder that represents the best value.

BPAs for hourly rate services. If the BPA is for hourly rate services, the ordering activity shall develop a statement of work for requirements covered by the BPA. All orders under the BPA shall specify a price for the performance of the tasks identified in the statement of work.

Duration of BPAs. BPAs generally should not exceed five years in length, but may do so to meet program requirements. Contractors may be awarded BPAs that extend beyond the current term of their GSA Schedule contract, so long as there are option periods in their GSA Schedule contract that, if exercised, will cover the BPA's period of performance.

Review of BPAs:

The ordering activity that established the BPA shall review it at least once a year to determine whether:

- The schedule contract, upon which the BPA was established, is still in effect;
- The BPA still represents the best value (see 8.404(d)); and
- Estimated quantities/amounts have been exceeded and additional price reductions can be obtained.

The ordering activity shall document the results of its review.

LABOR CATEGORY DESCRIPTIONS

Strategic Analysis' commercial practices include the education/experience substitutions identified below. In order to be consistent with commercial practices, Strategic Analysis utilizes the below education/experience substitution for all GSA labor categories.

2 Years Experience	Equals	AA Degree
2 Years Experience + AA Degree	Equals	BS Degree
4 Years Experience	Equals	BS Degree
3 Years Experience + BS	Equals	Masters Degree
7 Years Experience	Equals	Masters Degree
4 Years Experience + MS	Equals	PhD

Service Contract Labor Standards: Strategic Analysis uses no SCLS/SCA-eligible labor in the execution of these programs. The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
